

Global Proficiency's NewsChek

Issue 15, December 2021

Happy Holidays

The Global Proficiency team would like to wish all our customers a very Safe Holidays and a Happy New year!

With this in mind, at this time of year Global Proficiency closes for the holiday period, and this year is no different!

The dates for each of our offices are as follows:

NZ (Hamilton)

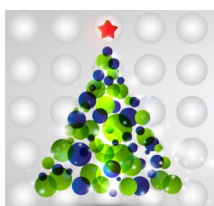

- **Final orders:** Monday 20 December 2021 (2pm)
- **Closed:** Friday 24 December 2021
- **Open:** Monday 10 January 2022

Australia (Tullamarine)

- **Final orders:** Wednesday 15 December 2021 (1.30pm)
- **Closed:** Friday 24 December 2021
- **Open:** Monday 17 January 2022

Thank you to all our customers for your ongoing support, and to those observing the holiday we hope you have a safe and restful break.

We look forward to working with you in 2022.

VeriTest Cannabis

We are pleased to offer a new programme in April 2022 introducing **VeriTest Cannabis**, with two available categories – **flower and oil**. Information for registration for this programme was included with the registration pack for each laboratory.

For any interest from International laboratories we will work closely with you to ensure the correct procedures are implemented for shipping these products to you.

Below are the list of available tests

- **Metals-** Arsenic, Cadmium, Lead, Mercury
- **Major Cannabinoids-** THCA, THC, CBDA, CBD, CBG & CBN
- **Water Activity** (flowers only)
- **Moisture** (flowers only)

Pricing is indicative at this stage as it is dependent on the final number of participants.

Prices as per below (NZD):

CTO (Oil): approx. \$1,000 per round (excluding freight/packaging)

CFO (Flowers): approx. \$1600 per round (excluding freight/packaging)

If this new programme is of interest to you, please contact us at

enquiries@global-proficiency.com

UHT Milk QCM

Our current **UHT Milk Quality Control Material (QCM)** comes in an 800mL bottle due to delays obtaining the usual 250mL size. We are exploring possible options for other package types and sizes.

UHT Milk QCM's are supplied with a Data Summary Sheet of assigned values. The tests included on the summary are as follows:

- Fat (%m/m)
- Protein (%m/m)
- Total Solids (%m/m)
- Titratable Acidity (°T)
- Titratable Acidity (% lactic acid)

To view or order available QCMs, please visit our website at

or email sales@global-proficiency.com

VeriCal Update

Final Dispatch for 2021

VeriCal Batch 1402 is scheduled for release early December; please carefully reassess your requirements for spare samples so we can consolidate this with your scheduled shipment.

Registrations for 2022

VeriCal® registrations for 2022 are now open! The calibration of milk testing instruments plays a vital role in delivering accuracy for quality demanded by producers and consumers. Our **VeriCal® RAW MILK and PROCESSED MILK** sets are designed for confirming the calibration and monitoring of instruments used to test milk composition. If interested, we would love to hear from you so please talk to the team today and email enquiries@global-proficiency.com

Meet The Team

Emily Hanna has recently joined the team to work with our DairyChek customers. She has a background of working in commercial laboratories in the Waikato and is looking forward to using her experience to help other laboratories with their proficiency testing.

Outside of work she enjoys getting outdoors, playing football, baking cheesecake and most of all hanging out with her dogs.

Registrations for 2022

We would like to thank all of our customers who have confirmed registrations for 2022. If you have any questions or are yet to register please get in contact with us today so we can help organise this for you.

Please email: registrations@global-proficiency.com
